The interior design of the Heesen yacht is described as being a contemporary beach house. Clever use of earth tones, simple furniture and subtle lighting create a very relaxed atmosphere on board. *The staterooms continue this theme: elegantly appointed with the best quality of Egyptian cotton, linen, hand-made towels and a selection of exclusive toiletries and beauty care products.*

The layout of the accommodation of luxury charter yacht Sedation A has been specifically designed for maximum flexibility. Both of the identical twin state rooms are convertible to double and most impressively, the sun lounge can be quickly converted into a full-width VIP stateroom with private deck and panoramic views. Therefore, Sedation A can accommodate up to a maximum of 12 guests.
